This is an announcement from the Alaska Department of Fish and Game at Bethel for commercial salmon fishermen in the Kuskokwim Area.

District 4, Quinhagak

District 4, Quinhagak, will open to commercial salmon fishing for 12 hours from 9:00 a.m. until 9:00 p.m. on Wednesday, July 4, 2012.

Preliminary harvest reports from the June 27 opening indicate a harvest of 1,587 Chinook; 3,033 sockeye; and 3,197 chum salmon from 116 permits. The harvest and harvest rate of Chinook salmon were below average. Harvests and harvest rates of sockeye and chum were average. The local processor anticipates adequate processing capacity for this upcoming commercial period. Fishermen should maintain contact with the buyer to ensure there is adequate processing capacity for their catch.

In District 4 subsistence salmon fishing will be closed 8 hours before, during, and 4 hours after each commercial fishing period. **Subsistence fishermen must have their nets out of the Arolik and Kanektok rivers and waters of District 4 on Wednesday, July 4, at 1:00 a.m. Subsistence fishing will reopen on Thursday, July 5, at 1:00 a.m.**

Preliminary harvest reports from the June 27 opening indicate a harvest of 92 Chinook; 2,689 sockeye; and 1,314 chum salmon from 15 permits. The harvest and harvest rate of Chinook salmon were below average. Harvests and harvest rates of sockeye and chum were average. The

Fishermen are reminded that they may retain any portion of their catch for personal or subsistence use. Fish retained for personal or subsistence use from a commercial fishery must be reported and recorded in the space provided on an ADF&G fish ticket. Fishermen are also reminded that gillnet gear may not be operated in a manner that obstructs more than one half the width of any waterway. In the intertidal zone this restriction applies at all tide stages. Additionally, gear is restricted to 6-inch or smaller mesh size and 50 fathoms in length in a single shackle.

The Department will be closely monitoring commercial fishing periods to assess fishery performance and anticipates announcing additional commercial fishing periods as warranted. Further announcements will be made from the Bethel Fish and Game office, on the state web site (<http://www.adfg.alaska.gov/index.cfm?adfg=cfnews.main>), and local radio stations. News releases will be faxed to area villages and local fish processing companies.

Commercial fishermen are encouraged to consult Fish and Game regulations prior to beginning commercial fishing operations.
